Mr. Miller:

EPA has reviewed the Investigation Workplan as revised for the above site.

We have no further questions or comments on the plan.

Thank you for allowing EPA to review and comment.

Should you have any questions, please feel free to contact me at the number below.

Respectfully,

Kim Tisa

I'm using Mimecast to share large files with you. Please see the attached instructions.

Good afternoon:

I am transmitting the following in connection with the above-referenced matter.

- Meeting Minutes of March 24, 2020 Conference Call and Response to Comments on Investigation Work Plan; and
- Town of Fairfield Former Aggregate Reclamation Yard Investigation Work Plan dated March 11, 2020 and revised March 31, 2020 by Weston & Sampson.

The file is quite large and is being transmitted by Mimecast. Malcolm Beeler is also submitting these materials via Connecticut DEEP's FTP site. As we discussed last week, the Town will transmit hard copies of the materials to Connecticut DEEP and EPA when COVID-19 restrictions are relaxed. On a related note, the Town may need to revise the anticipated schedule that was transmitted on March 11, 2020, in light of the COVID-19 pandemic. Schedule revisions are not yet deemed necessary.

Please advise if there are any issues with accessing and / or downloading these materials.

Many thanks,

Mike
